

Workshop

Strengthening Computational Science in Europe

John von Neumann Institute for Computing
Research Centre Jülich, Germany
16th and 17th January 2006

Goals

- Advancing collaborations
- Defining the needs of computational science in a larger Europe
- Forming and supporting Simulation Laboratories at NIC
- Reinforcing the competitiveness of European computational science

Organisers

C. Alexandrou, Nicosia, Cyprus
J. Kertész, Budapest, Hungary
B. Lesyng, Warsaw, Poland
Th. Lippert, Jülich, Germany
J. Nadrchal, Prague, Czech Republic
